

Lifetime Chiropractic is back open on Monday, May 11th!

Dear Lifetime Patients,

We are pleased to inform you that as of Monday, May 11 we are going to be accepting patients again. If you had an appointment already on the schedule on May 11th and in the future, your appointment is still valid. If you need to make an appointment, you can call our office at (505) 891-3111 to schedule.

We will be operating within the guidelines set forth by our state officials and the CDC in order to both treat patients who are in need of chiropractic services AND maintain a safe environment/office space in order to minimize the risk associated with COVID-19. We will be sterilizing each treatment table after each use. Our entire staff will be masked. We would appreciate your wearing a mask in the office.

The appointments will be scheduled in a fashion that allows us to keep the patient flow from crowding the common areas. **We will not be accepting walk-ins so please call to schedule an appointment.**

Please do not show up early or late to your appointment. This will allow us to avoid overcrowding. If a treatment room is not available when you arrive, we will kindly ask you to wait in your vehicle until we call or text you to come in. Anyone who comes with you to your appointment must wait in the car. We do not want them sitting in the waiting room during the time of your treatment.

If you need assistance into or out of the office due to pain or disability, a member of Lifetime staff will be delighted to assist you. Just call us at 891-3111 when you arrive. We know that these are stressful and difficult times and we are doing everything in our power to care for our patients, our staff, and our community.

We look forward to seeing your smiling faces again soon.

The Doctors and Team of Lifetime Chiropractic
